Skyline CAP Selects Executive Director

MADISON, VA – (APRIL 9, 2020) The Board of Directors for Skyline CAP, Inc. is pleased to announce that Simon Fiscus has been named as the organization’s Executive Director. Skyline CAP is the nonprofit community action agency dedicated to eliminating the impact of poverty in Greene, Madison and Orange counties in Virginia.

Fiscus is a long-time employee of Skyline CAP, serving as the organization’s Head Start Director since 2009 as well as its Project Discovery Director. As Executive Director, Fiscus is charged with guiding Skyline CAP’s efforts to support low income individuals and families with programs and services to help them achieve economic security.

“Simon’s extensive experience with Skyline CAP puts him in the ideal position to lead this organization to greater success in serving our most vulnerable citizens,” said Jim Leffel, Skyline CAP Board President. “The Board will look to Simon to use his talents to develop innovative processes to strengthen the organization and his passion for helping others to expand on our efforts to support people living in poverty.”

This appointment comes at a critical time as Skyline CAP prepares to embark on the development of a new strategic plan intended to bolster the effectiveness of its existing programs and services and form new ways to address the needs in the communities it serves.

“I am honored to be selected to lead Skyline CAP, and I look forward to building on our existing foundation to ensure that we are providing effective solutions that are specific to local needs,” said Fiscus. “I am privileged to work with a team of high-performing employees who are tireless advocates for individuals and families with low incomes, and I anticipate great success in working with them to develop ways to help our clients achieve stability and economic security.”

Fiscus has more than 17 years of experience working in human services. Prior to joining Skyline CAP in 2009, Fiscus worked for Culpeper County Human Services as Head Start Health Manager and as a Head Start Family Service Worker. He holds a Bachelor of Arts degree in Psychology from Bloomsburg University of Pennsylvania in Bloomsburg, Pa.
